CELEBRATING 35 YEARS

of bastion collections ♥

Dear Customer,
This year we celebrate our 35th anniversary.

The past 34 years were filled with beautiful travels all over the world, finding reliable suppliers, meeting you – our faithful customers – and building our brand towards a level we dreamed of.

It was a beautiful journey with many highlights, a few downs, but overall a lot of laughter.

Today we have a lovely team who share the same passion.

Starting the business together with my beloved husband, Bastion is still a Family-owned company. Our daughter Niki will be the next generation in line. She just gave birth to our third grandson Lucas! I'm a very proud grandma as well.

Our son Benjamin, who found his dream job elsewhere, wrote this memory especially for you and me...

*Bastion Collections was founded in 1988, 2 years after I was born.
The office was held at our home address at that time: Bastion Willem.*

My parents started the company by selling magnet boards with bear images. The cars from my parents had to be parked outside because the thousands of magnet boards kept the "warehouse", formerly known as garage, occupied.

A few years later my parents invested their earned revenues to purchase stuffed bears from Scotland. Not only the garage, but now also the living room and kitchen were full of friendly looking brown bears. They were delivered by a big lorry who couldn't make it to the entrance of the warehouse, because the lorry was too big.

Even the master bedroom from my parents served as both living and dining room for weeks, where we ate with the family.

A few months later my parents realized it wasn't the lorry that was too big to deliver the goods to the front door, but it was their dream and their ambition that didn't fit at Bastion Willem anymore. That's when we moved to Montfoort where was place for the four of us, BC and their ambitious plans.

Now, 27 years later, the cars are still parked outside because the BC team is not only my parents anymore but is extended during the years with my sister Niki, Mariëtte, Leanne, Iris and Emma.

They work closely together to surprise you, as our BC customer, with new stunning collections season after season. Together they are also the beautiful appearances on the various fairs in Frankfurt, Hamburg and Munich where they more than proudly show you their newest designed collections and where my dad is still present to have a good glass of wine together with you!

From here, together with my wife Anca and our sons Jaxx & Billy, we raise our glasses to the success of BC and bring a toast to my parents, my sister Niki and of course the entire BC team who are essential in the success of what Bastion Collections is nowadays.

Lots of Love - Ben

I can't thank my husband, children and my faithful customers enough to being part of my journey. Together with you, Bastion will remain as beautiful and strong as is today!

We are Bastion Collections.

Lots of Love,

X *Suzanne*
